## PRESIDENTS REPORT – AGM 2005

The president's job at SCFD is an excellent one. But only because the rest of the members make such a fine example of how a community based training club can work together.

I could go on and on promoting the merits of our dear agility club, but will be content with saying that for all the years I have been training with Suncoast there has always been genuine support for beginners and advanced trainers, committee members and instructors. It is part of our philosophy to treat each other as valuable.

The fact that we have some of the best looking and most intelligent dogs in the nation also makes us remarkable.

There has been steady growth of this club since the beginning, and I am sure it will continue to grow. We are blessed with the best training ground in Qld. Fences, shade trees and a lock up shed. Clean toilets, almost reliable lighting. A new shed extension perhaps towards the end of this year.

Thank you to everyone who helped with the events we have had in 2005, including the Open Day and our competitions. Thanks to those who come to the working bees, write our newsletters, fill the fridge, instruct, instruct and instruct, fix the equipment, pay our bills and bank our money, order our merchandise, plan our competition schedules and manage the website.

Don't forget that next year is our tenth anniversary and expect to help with the party preparations. We are also running a cross-country event and our usual 3 ADAA competitions.

Dog agility is indeed a sport for the common person. Anyone can have a go and enjoy themselves with their doggy companion. We get what we want from our sport without either limiting ourselves nor feeling pressured to measure up to the best.

If being a part of SCFD means training my dog on a Tuesday night, helping instruct other people, getting together to plan events, attending working bees or just plain socializing at a competition, then I am more than happy to be a common member.

Good luck and best wishes to the next president, I am sure she will do a fantastic job.

Lyndal Nichols
